RFLCT

GOALS

- Learn an Unfamiliar Technology Stack
 - Facial Recognition
 - Voice Commands
 - Hardware
- Embrace Discomfort
- Create Something Beautiful
- Not Stress Too Much

RFLCT

TECH STACK

KAIROS

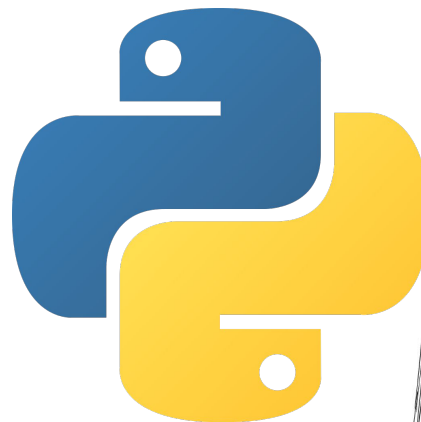

ELECTRON

MagicMirror²

The open source modular smart mirror platform.

snowboy
HOTWORD DETECTION

RFLCT

WORKFLOW

- Team Dynamics:
- Explicit & Implicit agreements
- Commiseration and Celebration
- Communication
- Revisions

RFLCT

OBSTACLES

- Unfamiliar Tech Stack
- Lack of Documentation
- Doing something we have not seen done

RFLCT

SUCCESSSES

- Integrate Functionality into Modular System
- Port Functionality into Raspberry Pi
- Facial Recognition
- Voice Commands
